**The Odessa Business Park**

There has never been a better time to locate in Odessa's Business Park. With available land that is adjacent to Interstate 20, a state-of-the-art international airport 10 minutes away, a Union Pacific Railroad switch station, and La Entrada al Pacifico—the US 385 Texas-Western Mexico Trade Route, Odessa is the center for commerce in West Texas. In fact, all roads through West Texas have led to Odessa for a long time.

**The Odessa Industrial Park**

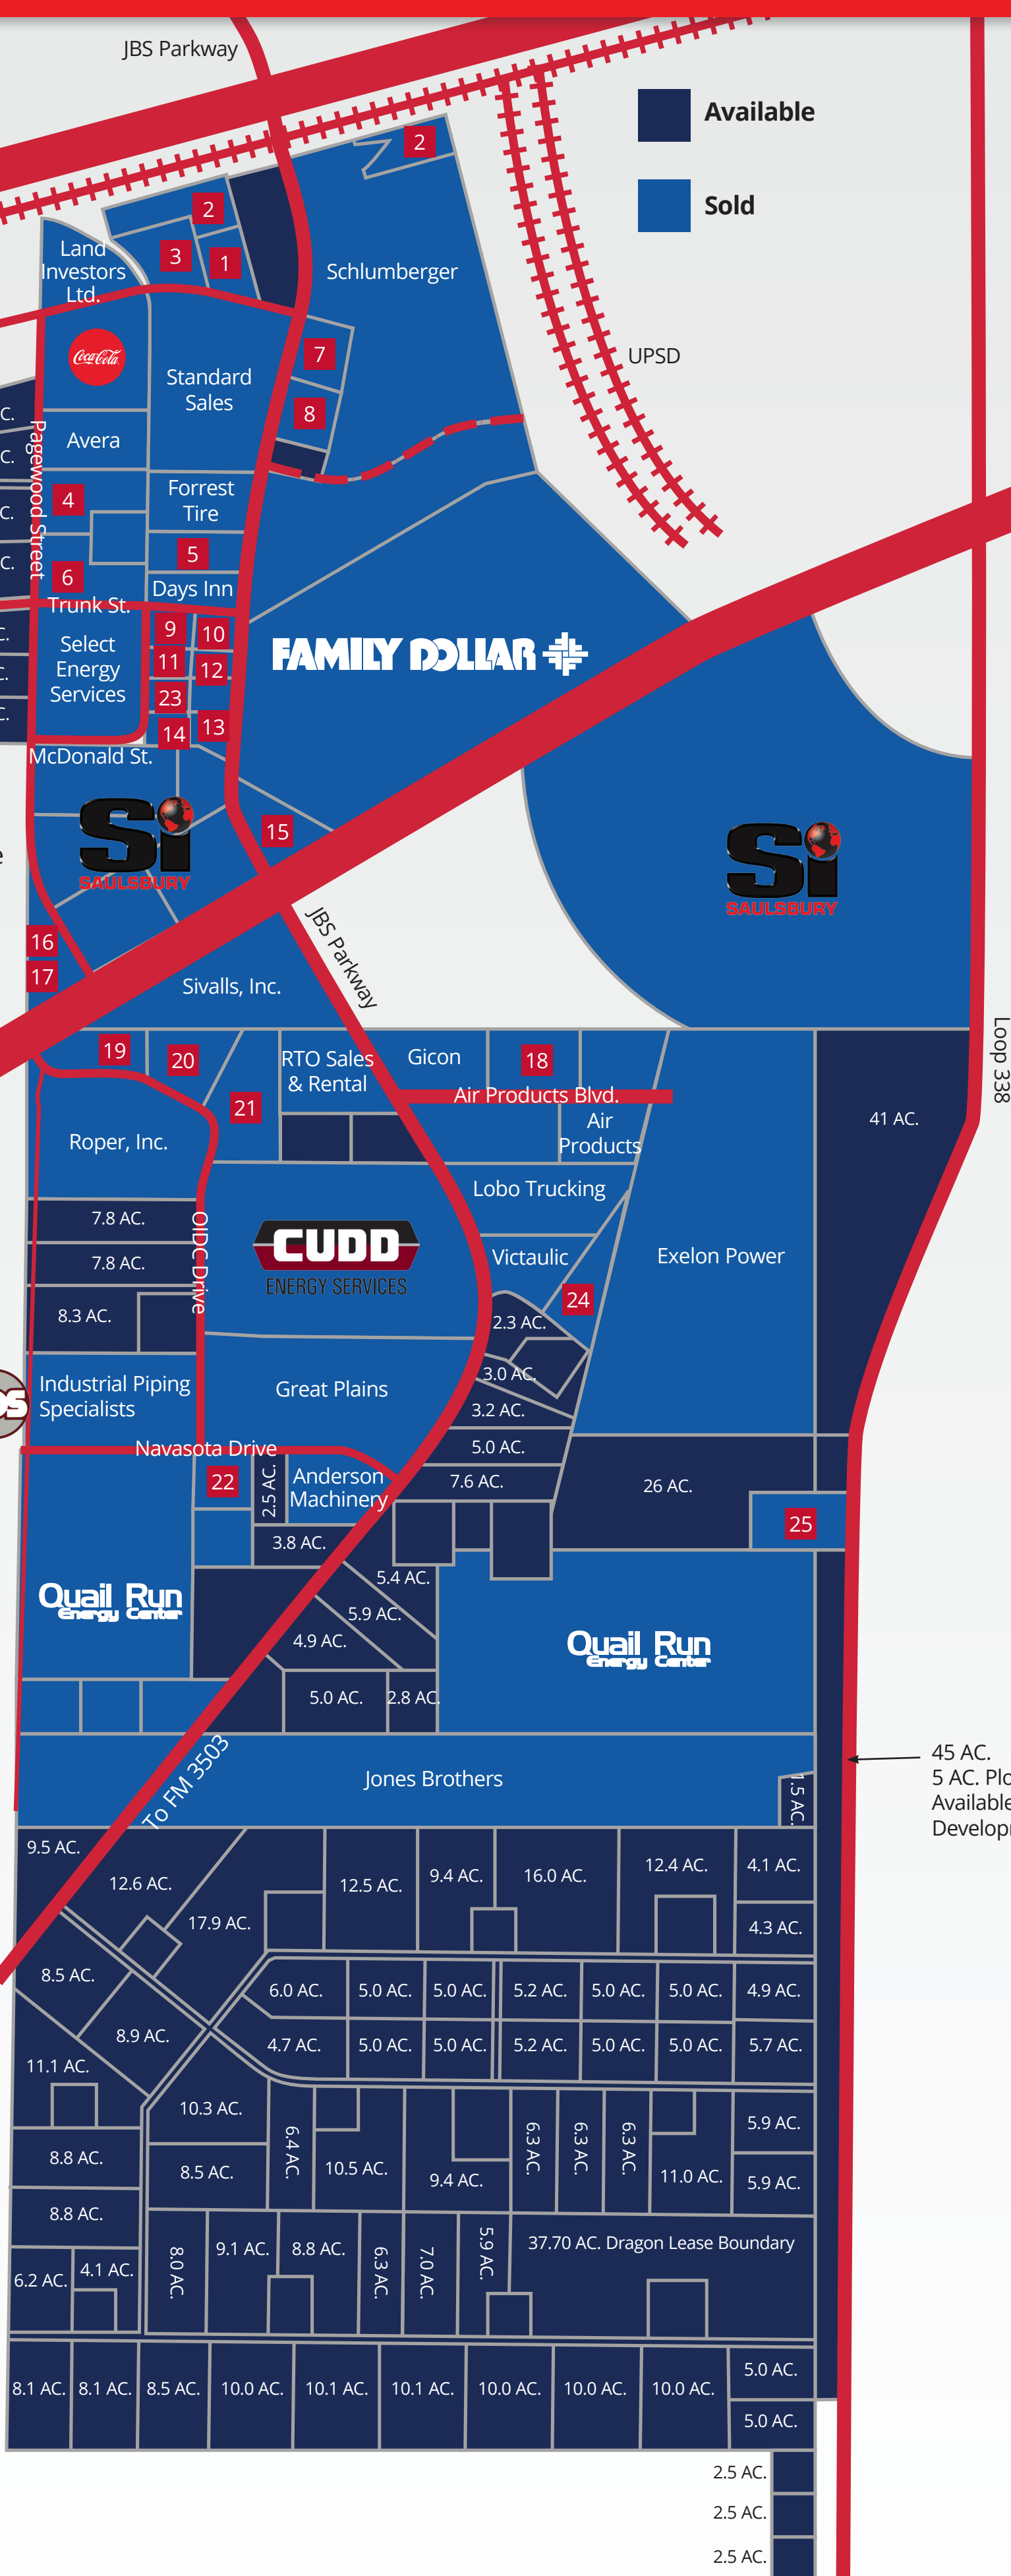

If it is room you are looking for, Odessa offers room to grow in their industrial park. This park offers the same infrastructure as the business park with quick access to interstate, rail and air.

**Incentives**

- Property tax incentives
- Training
